Ad 8/8/22

In obedience to your orders I went and inspected the masjid at Harohalli, Kankanhalli Taluk and I now beg to submit the following report:—

The masjid is in a very dilapidated condition The mud walls have cracked on account of settling of the foundation The roof is leaky and most of the rafters have been eaten away by white ants. Considering the present condition of the building no amount of repairs would I think set matters right. The only course left is to dismantle the present building and that a new one constructed instead in the simplest style. I saw the amildar this morning and he is also of the same opinion. In order to bring the cost of construction as low as possible without prejudice to its stability the dimensions of

of the building now proposed to be newly constructed, have to be proportionately lessened. and I accordingly submit for your approval an Estimate for Rs 370 It provides for a hall measuring 15 feet by 12 feet with a Verandah of 8 feet broad in the front

The foundation, Basement and Superstructure are to be of Stone in mud with a coat of plastering inside and pointing outside. The roof is to be of mangalore tiles

The Estimate giving the details of the measurements &c is herewith appended.
